Another prime example of what LSR Orion does well. Lazy Vista's Malachi's birth weight was 72 lbs, weaning weight at 6 months was 426 lbs. On Malachi's first trip off the ranch to the Dr. David Demuth Memorial Cornhusker State Highland Classic not only did he place 1st in his class, but won Division Grand Champion pure breed feeder animal and then went on to win Grand Champion overall market animal! Beating out other pure breed
